What if the Hokey Pokey
really is what it's all about?

Workshop Overview

This fast-paced workshop will provide a thorough, jargon-free introduction to managing risk in a nonprofit organization. You'll learn the key differences between managing risk and financing risk, and you'll walk away with valuable insights and information on tools, strategies and approaches you can use upon returning home. The most important lesson of the session will be how to engage others in the process, something you'll want to master without delay to ensure your sanity and your nonprofit's long-term survival and success.

The Evolution of Risk Management

Risk and Insurance Management Society

What is Risk Management? - *Enterprise*

- Enterprise risk management (ERM) is the process of planning, organizing, leading, and controlling the activities of an organization in order to minimize the effects of risk on an organization's mission.
- In ERM the process includes not just risks associated with accidental losses, but also financial, strategic, operational, and other risks.
- ERM integrates concepts of strategic planning, operations management, and internal control in an organization's risk management plan.

About This Program

My Risk Management Plan is a web-based software program intended to help nonprofit leaders develop customized risk management plans for their organizations. Generous funding to support the development of this program was provided by the **Public Entity Risk Institute** and the **St. Paul Companies, Inc. Foundation**. The program was developed by the **Nonprofit Risk Management Center** (www.nonprofitrisk.org).

Special Editions are Available—Special editions of the program have been developed in collaboration with the organizations listed below. These versions are only accessible by affiliates or customers of these organizations. If your nonprofit is a recognized affiliate or customer of one of the organizations listed below, contact the organization for information on accessing your special edition.

In addition to the above special versions, an Australian edition of **My Risk Management Plan** is available at www.myriskmanagementplan.org/australia or www.cares.org.au.

Welcome

Welcome to **My Risk Management Plan!** This program is designed to assist you develop a risk management plan for your organization.

Develop a custom plan—This program will help you develop a risk management plan that reflects your organization's needs, priorities and culture. Your final plan will consist of only those elements or sections you choose to feature. Throughout the program you will be offered the opportunity to either select from template language or draft or insert your own original language.

My Risk Management Plan was developed with the understanding that every nonprofit has some risk management policies or activities already in place. What frustrates many leaders, however, is finding the time to organize existing risk management strategies and future plans into a document that reflects the organization's commitment to protecting assets needed for mission fulfillment. A growing number of national umbrella organizations, insurers and funders are asking nonprofits whether they have a risk management plan. This program is intended to help you demonstrate that your organization is committed to

Testimonials

"Risk Management is integral to all Girl Scout council operations. We are thrilled that there is finally an online tool that will help our councils develop such a plan." - Kim St. Bernard, Girl Scouts of the USA

"I applaud the Nonprofit Risk Management Center's work to develop an affordable online tool that will help nonprofits develop substantive risk management plans. As an attorney working with religious and nonprofit organizations, I believe this tool is desperately needed to help staff and directors address key areas of risk and liability. The Center is an invaluable resource to secular and religious nonprofits." - David Adams, DWA Risk Management Solutions LLC

"I'm grateful to the Nonprofit Risk Management Center for creating a user-friendly tool that nonprofits across the country—including our affiliates—will be able to use to formulate risk management plans." - Dennis M. Kirschbaum, Hillel: The Foundation for Jewish Campus Life
